DRUG LIFECYCLE CONTROL IN SUBSAHARAN AFRICA

Welcome address

Prof. Dr. Peter Imming
MLU Halle, Germany

Drug Lifecycle Control in Sub-Saharan Africa
Workshop, 29 August - 3 September 2022, Arusha, Tanzania

Opportunity: Lots of expertise

Task: Look for overlaps and complementarity

Method: Use the time slots allotted for it (and spare time) to design projects

Avoid: Fulfilling prejudices people have about pharmacists, environmental researchers and people from authorities

Sustainability in pharmacy and medicine: is not spelled C-L-I-M-A-T-E

But includes: do benefit and as little harm as possible to patients, medical people and creation

Partnership for sustainable solutions
Sub-Saharan Africa & Germany

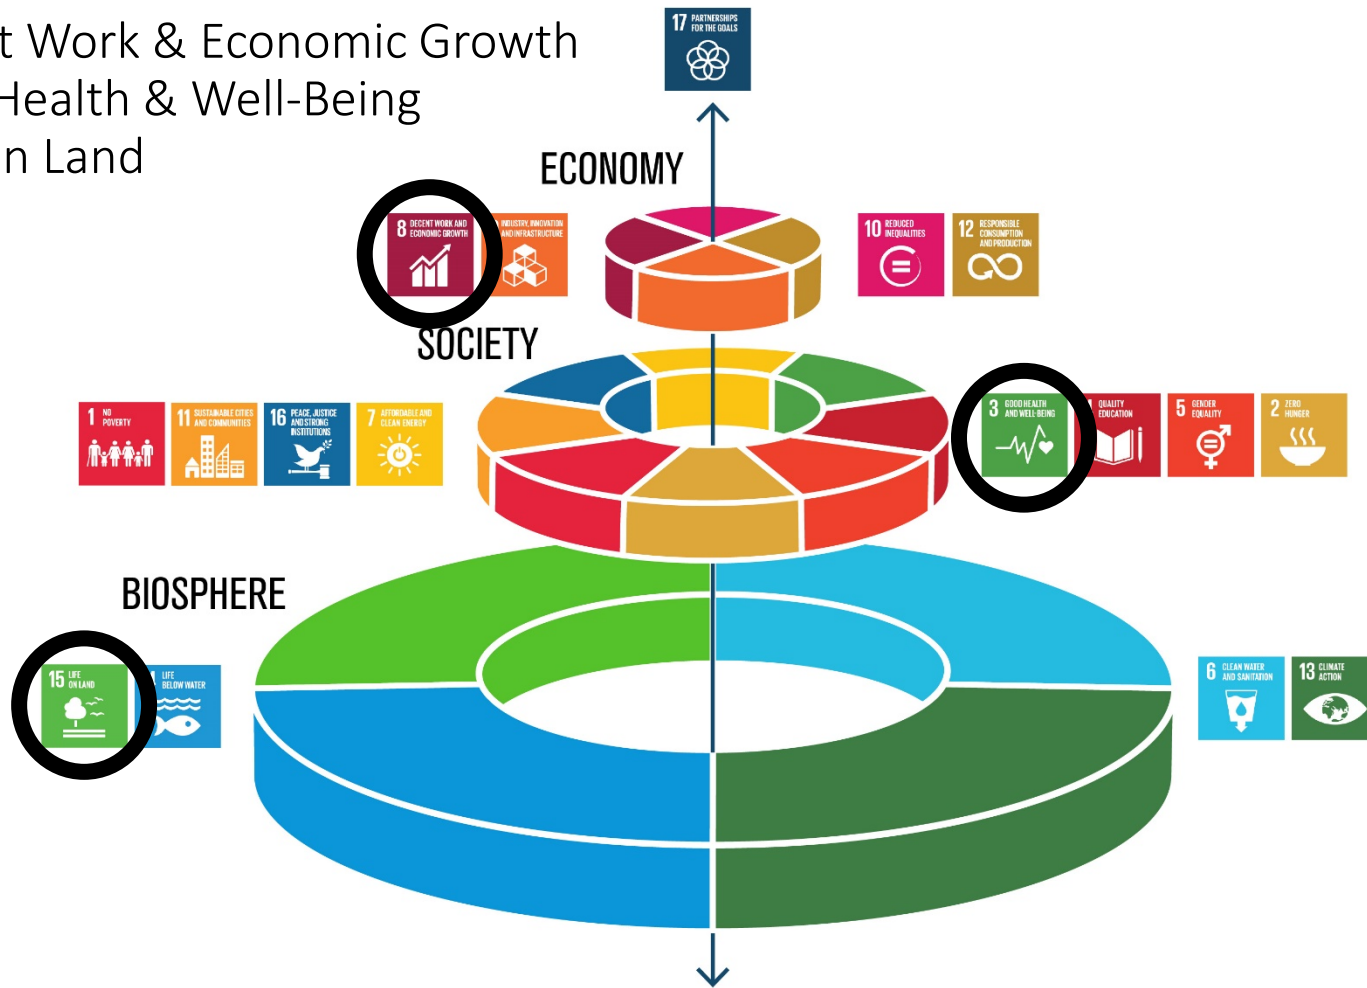

<https://trisustain.uni-halle.de/>

1917-2021

Botswana, Ethiopia, Germany, Tanzania

Three interconnected Sustainable Development Goals (SDGs)

8 Decent Work & Economic Growth
3 Good Health & Well-Being
15 Life on Land
